Experience

Senior Ionic/Angular Developer
Airbus Defence and Space

Mar 2022 - Present (1 year 3 months)

As a Senior Cross-platform Developer, I have had the opportunity to work in the exciting fields of defence and outer space. As a technical lead within my team, I am making significant contributions to the product, especially in the technical realm.

Mid Ionic/Angular Developer
Kubide

Jan 2022 - Mar 2022 (3 months)

In this project, I was the sole member of the Frontend team, which allowed me to develop my programming skills and work independently. Additionally, I was able to enhance my knowledge of technologies such as Angular, Git, Linux, Bootstrap, Ionic, and Typescript.

Junior Angular Developer
Kubide

Feb 2021 - Jan 2022 (1 year)

I had the opportunity to work on a custom CRM for a Real Estate Corporation. I collaborated with 6 front/back teams, more than 12 developers, and 2 analysts, all located in different areas of Spain. This project allowed me to develop my programming skills, Linux knowledge, and teamwork abilities while working to achieve established objectives.

Junior Angular Developer
Metrica Consulting, S.L

Sep 2020 - Dec 2020 (4 months)

I had the opportunity to work on an exciting project: an internal CRM for the company. I collaborated with more than 27 people from different parts of Spain. This project allowed me to develop my programming skills, while improving my teamwork and collaboration skills in a remote environment.

Education

IES Barajas
Multiplatform Apps Developer (Official degree) (DAM), Computer Science
2018 - 2020

As a Technician in Multiplatform App Development with honors, I have acquired skills in technologies such as Java/Kotlin, SQL, Android, Odoo, Linux, XML, HTML & CSS, MongoDB, Testing & Unit Testing, Angular, Git, object-oriented programming, Spring Framework, and Firebase.

Skills

Angular • Git • Bootstrap • Ionic Framework • TypeScript • Capacitor • JavaScript • Python (Programming Language) • Cross-platform Development • Web Development
